

# Parent Permission Form

Parents: Please read and sign each section below, if you have any questions or concerns please speak to a member of management, we will be happy to assist you

## Photography/ Video Release

Part of our curriculum involves documenting what the children are doing in class as a way to measure development and growth over time. One way we do this is through photographs and video. Any video or photographs taken are for documentation, or project purposes. These images may be displayed throughout the center to show parents what is happening during the day. Videos will be available for parent viewing upon request. These images will not be posted or used for any other purposes outside of the center.

I \_\_\_\_\_ give permission for my child \_\_\_\_\_ to be photographed or videotaped for the above stated reasons only.

## Professional Portraits

Throughout the year we have professional photographers come in and photograph the children; which you will have the option to purchase. The specific dates will be posted for your information. Please inform the director if you have any special requests or do not wish to have your child's picture taken during a specific session..

## Sun Screen

Limiting children's exposure to the sun is very important to us. During the summer months we limit the children's outside time to early in the morning and later in the evening. If they go out during the day for water play it is for a short time. If you would like to bring sunscreen for your child we will be happy to apply it before your child goes outside. **PLEASE NO ARESOL CANS!**

By signing below you agree to supply your child's sunscreen and authorize the staff to apply sunscreen to your child before they play outside.
